FOR IMMEDIATE RELEASE

### **MYONG GOURMET INTRODUCING THE *GLOBAL GRILL***

(Mt. Kisco, NY - February 2014). **Myong Gourmet** is pleased to announce the “*grand rebranding*” of our dining room as **Global Grill** @myong gourmet.

**Global Grill** reaffirms our dedication to fresh, local, sustainable, and ultra high quality ingredients. Across Europe, people go to the markets daily to prepare their evening meal. At **Global Grill** we’ve chosen to do the very same

thing— shopping the “*European*” way. “Sure it’s more difficult to purchase food this way, but you can taste the difference, and it’s well worth the effort!”, says Executive Chef Myong. “We picked up Bronzino and Orata -with the overnight air tags from Greece- the quality and taste were amazing!” With our meticulous focus on fish, seafood, organic poultry, beef and lamb, **Global Grill** represents our interpretation of unique and creative fresh food served with spices from around the world and the USA.

Many people had mistakenly assumed that our menu was just Asian; this is why the name change to **Global Grill** @myong gourmet. Dishes like Middle Eastern Rubbed Colorado Lamb Chops, Indonesian Orange Spiced Shrimp, Coquilles Saint-Jacques, Hudson Valley Brick Duck, and Clams Posillipo show that we explore Global tastes and take influence from personal experience and past memories.

We've served Golden Trout, Steelhead Trout, as well as local Trout from Roscoe, NY. Chef Myong's Organic Korean Fried Chicken is brined, slightly spicy and gluten free making this a standout favorite. **Global Grill @myong gourmet** is not your corner Chinese restaurant. At **Global Grill**, you'll find appetizers like Black Forest Slab Bacon served with an Apple Cider Reduction; Pulpo de España (slow braised octopus) with a traditional Mediterranean preparation; and Bulgogi Tacos (Korean Seasoned Beef) a Myong spin on a Mexican Favorite. The 42 ounce Prime Porterhouse for two from Pat LaFrieda, rivals any steak from the finest steakhouses in NYC. Our Striped Bass from the waters off Montauk has been caught, cleaned and brought to us within hours. Fish lovers will delight in Myong's "Daily Fresh Catch". A San Francisco favorite -Cioppino features seafood from the North Atlantic and is another dish that adorns a smaller more intimate menu. We research who we purchase from and how they care for their produce, livestock and seafood. Our entire menu including our Daily Specials will reflect our dedication to being different. At **Global Grill** our goal is to be deliciously unique and surprisingly unexpected. Quality isn't *expensive*, it's ***priceless***.
