Press Release

January 18, 2007 (Westchester, NY)

'just myong' is pleased to welcome a new sponsor – Korg USA

'just myong' (an exciting new Cooking Show, now ready for syndication) is pleased to welcome Korg USA as a supporting sponsor. Korg is an international musical instrument company founded in 1963. Korg, providing electronic instruments and support equipment to such stars as Herbie Hancock, Jan Hammer, Beyoncé and many others is providing 'just myong' with their newest music workstation OASYS. The OASYS www.korg.com is a state-of-the-art 16 track digital Keyboard recording solution that will operate in conjunction with the AVID production facility and 24 Track Digital Studio at NET*ONE inc. www.netonevideo.com, the production company for 'just myong'.

All future shows will contain original music composed exclusively on the OASYS designed to compliment the delicious food created by ...just Myong.

'just myong' is pleased to continue with a great sponsor – TEC Infra-Red

TEC infra-red a renowned manufacturer of infra-red grills made 100% in the USA has provided 'just myong' with a 3 burner, a 4 burner infra-red grill and a portable Cherokee single-burner for on location grilling. Myong has already filmed a tail-gating party last season at Giants Stadium feeding in excess of 18 hungry football fanatics. These are serious ~~animals~~ eaters. On the menu were Citrus Asian Grilled Shrimp, Korean Marinated Short-Ribs called Kalbie (aka Garby), Burgers, Chicken and Sausage followed. The Cherokee uses the same infrared technology as the huge 4 burner backyard TEC G4000 www.tecinfrared.com so you can take your grilling experience anywhere. The Gourmet Shop also uses the Commercial version of the TEC family to provide customers with food seared at around 800° F. Locking in the juices and flavor, you'll never find dried out chicken or beef. TEC is the official grill of Myong Private Label Gourmet and 'just myong' productions.
